CLEVELAND BUSINESS MEN WITH MONEY TO INVEST SHOW IT.

Only \$20,000 Worth of the Building Bonds Are Now Available for Purchase at Par by Chamber Members.

The new president of the Cleveland Chamber of Commerce is elated, and he believes that his elation is justified. Its cause is a new evidence of the interest and faith which its members have in the organization of which Mr. Warner is the head.

It will be remembered that recently the chamber borrowed \$250,000 from the Cleveland Trust Company and the Savings and Trust Company, of Cleveland. Bonds to this amount were issued by the chamber and secured by a mortgage on the site of its new building, which will soon be in process of construction. These bonds were purchased by the

named, but in their agreement with the chamber regarding the transaction was a clause providing that members of the chamber could purchase the bonds at par to the limit of half the total issue until August 1, the real date of their issuance, and after that date until September 1, at par, with accrued interest.

President Warner announced yesterday that \$105,000 worth of the bonds have already been subscribed for by members of the chamber, leaving only \$20,000 worth of bonds available for other subscribers under the provisions of the contract.

Mr. Warner was in the board of directors' room in the chamber suite yesterday afternoon, and in reply to questions he said:

"The building fund of the Chamber of Commerce was increased to-day by the addition of a quarter of million of dollars on account of the formal sale of 250 one thousand dollar 5 per cent gold bonds. The deed of trust was executed by the officers of the chamber, the Savings and Trust Company and the Cleveland Trust Company.

"The general feeling seems to be that a most satisfactory loan has been made, and it is especially gratifying that we were not obliged—as too often happens—to go out of town."

and intelligent countenances indicated that they were leaders in their various occupations. They met for the purpose of being initiated into an original Republican shop club and electing officers. Supreme President Luther T. Ellsworth conducted the work and gave the organization the name Original Republican Shop Club No. 2 of Lake Shore & Michigan Southern Railway Employees.

The following officers were balloted for and elected: Harry M. Foote, president; Thomas Van Geissen, vice president; Murdoch Ross, second vice president; Fred B. Johnson, secretary; John T. Bentley, assistant secretary; Aaron E. Flickinger, treasurer; Louis Geavreau, sergeant-at-arms; Edward Eisele, doorkeeper; L. T. Ellsworth, M. Ross, and F. A. Davis, delegates to supreme body.

Every member of this club is a stalwart, true blue Republican, who will support the whole Republican ticket from top to bottom.

DRINK HIS RUIN.

Patrik Lowry Shoots Himself While Crazed With Liquor—Married Six Months.

While crazed from the effects of drink, a workman named Patrik Lowry shot himself with a revolver at his home, No. 34 Munich street, about 9 o'clock last night. He was recently employed at the American Wire Works, but lost his position. Since that time he had been drinking heavily. The man, who is twenty-nine years of age, was married only six months ago, and his wife stated that their relations were most pleasant when he did not drink.

Acquaintances spoke of him as a good, honest fellow, when sober, but truly terrible when under the influence of liquor. About three years ago, when on a spree, he cut his own brother in a frightful manner with a razor and was sentenced to the penitentiary for two years for the crime. He served one year, when released.

Last night he exchanged his watch for \$5 which his wife had, and buying a revolver with the money, went to the back yard of his home, placed the muzzle of the weapon in his mouth, and fired, with immediately fatal result.

The body was taken to the undertaking rooms of Flynn & Abel.

TO COME TO CLEVELAND.

Rev. C. W. Hiatt, of Peoria, Decides to Leave His Church in That City.

The following dispatch was received last night from Peoria, Ill.: Ever since the Rev. Caspar Wistar Hiatt, pastor of the First Congregational Church, received the call from the Euclid Avenue Congregational Church of Cleveland his people have been uneasy, especially so because he would not openly avow his intention.

Over a month ago he went to California on his vacation, but to-day the uncertainty was removed when the clerk of the church received a letter announcing his intention to resign. While he gave no indication of his purpose, it is generally accepted here that he will go to Cleveland, as he has always spoken very highly of that church and the work to be done there.

Dr. Hiatt is expected to return from the West early in September.

PERFECT UNANIMITY EXISTS, AND THE HATCHET IS BURIED.

The Park Board Will Build a Boulevard to Edgewater Park if the Land is Turned Over Free of Public Expense.

Wounds were dressed and hatchets were buried between the members of the West Side Auxiliary Park Association and the Board of Park Commissioners yesterday.

The Leader's account of the annual meeting of the West Side organization, held on Monday in the office of Mr. J. B. Perkins, stirred up matters profoundly in the circles closely interested in the development of the Cleveland park system, and especially the opening of an easy approach to Edgewater Park.

As stated in that account, Mr. H. M. Brooks reported to the association an impression that Mr. McBride, as president of the Park Board, had announced an ultimatum in regard to what the board would do. The members of the association felt that they could not attempt to help carry out the plan upon which they understood Mr. McBride to insist, that is, for a traffic street beside the boulevard, branching on westward, and were about ready to commit

SUICIDE AS AN ORGANIZATION.

But a good brotherly talk was had yesterday, and the blues are gone. The breach was found to be imaginary. It was discovered that there was and is no ultimatum, simply a suggestion on which there is no insistence, and that the Park Board is quite willing to take the approach favored by the West Side association, provided it be acquired as park land without expense to the public funds. Mr. McBride estimated that the improvement alone would cost \$150,000. This expense the Park Board is willing to meet.

"Yes, we will continue our organization, and do all we can," said Mr. Perkins to a reporter yesterday. Mr. Perkins is the president of the auxiliary association. "There is perfect unanimity in the desire to have an entrance from the viaduct to Edgewater Park, and all for which we want to work is the advancement of the park system, just as is true of the Park Board. One thing that we have brought about is the agreement on the route, whereas at first the West Side was divided. What we do not yet know is how we can acquire the land."

"The subscription plan failed, because men said that they were willing to be taxed for the purpose, but would not voluntarily give when others equally benefited would not. The Park Board says that the City Council should take up the matter, and the Council says that the Park Board should do it. No, we do not ask that the public funds pay for the acquisition of the land."
